To: Jason Burwen <j.burwen@energystorage.org>

Hi friends—

Greetings. Just wanted to let you know ESA is hosting a webinar tomorrow 3/28 @ 2-3p ET to introduce Order 841 and dive into its details. While this is focused on highlighting opportunities and challenges for energy storage developers, who are the intended audience, you and your colleagues may find it of interest as you seek to better understand what Order 841 may mean for the RTO/ISO in your region and your future advocacy activities. Please feel free to share this with folks in your network for whom you think it's particularly helpful.

Cheers,
Jason
